NOTICE NO. 1

PT. 63 of 2025

*In the Estate of*

**ADRIAN RICARDO BANFIELD**

*Deceased*

NOTICE is hereby given pursuant to Section 31 of the Trustee Act, Cap. 250 to all persons having any debts, claims or demands upon or affecting the Estate of ADRIAN RICARDO BANFIELD deceased late of Zores Land in the parish of Saint John in this Island, who died in Barbados on the 18th day of November, 2020 to send particulars of their claims duly attested to the undersigned in care of the SOLICITOR GENERAL'S CHAMBERS, Spencer Building, Webster's Business Park, Wildey, St. Michael not later than the 22nd day of May, 2026 after which date the Public Trustee will distribute the assets of the Estate among the persons entitled thereto having regard only to the debts and claims of which the Public Trustee shall then have had notice.

And all persons indebted to the Estate are requested to settle their indebtedness without delay.

Dated this 22nd day of March, 2026.

DONNA K. BRATHWAITE, SC  
for Public Trustee.

**DIRECTIVE (NO. 2) UNDER SECTION 4(2)(h) OF  
THE NATIONAL PAYMENT SYSTEM ACT, 2021-1  
FOR THE DECOMMISSIONING OF THE SYSTEM OPERATED BY  
BARBADOS AUTOMATED CLEARING HOUSE SERVICES INCORPORATED**

This Directive is given in accordance with section 4(2)(h) of the *National Payment System Act, 2021-1*.

1. **Mandate by Law:** Sections 4(1)(a) and 4(2)(e) of the *National Payment System Act, 2021-1* provides that the Central Bank of Barbados ("the Bank") may modernize, regulate, monitor and oversee the National Payment System in the public interest and, in particular, regulate, monitor and supervise the clearing systems and settlement systems.

2. **Application:** This Directive applies to Barbados Automated Clearing House Services Incorporated ("BACHSI"), its Board of Directors, and all Participants operating under the BACHSI Rules and Standards, including any bank, credit union, or payment service provider that processes Automated Clearing House or Real Time Payment transactions through BACHSI.

3. **Initial Notification:** On October 4, 2024 and September 3, 2025 respectively, notice was given to BACHSI that the Bank in partnership with the International Bank for Reconstruction and Development intended to embark on the Barbados Payment System Modernisation Project ("the Project") which would introduce a national Instant Payment System ("IPS") for Barbados that would include a new infrastructure for the clearing and settling of domestic payments.

4. **Consultation Efforts:** The Bank, in consultation with the International Bank for Reconstruction and Development, the IPS Steering Committee and the IPS Business User Group have developed a Decommissioning and Data Capture Plan ("the Plan") to support the migration of electronic-payments data from the current clearing and settlement infrastructure to the new domestic-payments infrastructure. The Plan has been prepared to facilitate a smooth implementation of the Project by June 12, 2026, for Participants operating under the BACHSI Rules and Standards. The Plan is set out in the Schedule hereto.

5. **Importance of Modernization:** Given the importance of modernising the National Payment System it is critical that the clearing and settlement system operated by BACHSI is decommissioned in a structured and orderly manner so that the integrity, accessibility, and usability of historical data generated prior to the transition of the new payment system is preserved.

6. **Decommissioning:** The Bank directs that the key dates and associated mandatory actions of the Plan are as follows:

(a) On or before May 31, 2026

All Participants are required to complete full data capture runs;

(b) On June 12, 2026 at or before 11:59 p.m.

BACHSI shall transition all Automated Clearing House/Real-Time Processing ("ACH/RTP") to an inactive state to prevent the initiation or processing of new transactions (the "soft shutdown");

June 13, 2026 – July 13, 2026 (the "contingency period"):

- (i) BACHSI shall maintain ACH/RTP in an inactive state to ensure the continuity of transaction processing in the event that the IPS experiences any major service disruption which would require the inactive state to be reversed.
- (ii) BACHSI shall not conduct any processing of payment transactions except in accordance with paragraph 6(b)(iii) of this Directive;
- (iii) BACHSI may reactivate ACH/RTP
  - (A) where there is a defined emergency trigger;
  - (B) with the authorisation from the Bank; or
  - (C) for a limited scope and duration.

(c) July 14, 2026:

All software and hardware related to the BACHSI system shall be shut down completely and decommissioned (provided that there are no significant issues that arise during the contingency period).

7. **Final Directive:** All Participants that process payments through BACHSI and the Board of Directors of BACHSI are directed to take all necessary steps to ready their operations for the decommissioning of the clearing and settlement system operated by BACHSI, such steps shall include:

- (a) full compliance with the timelines and actions set out in paragraph 6 of this Directive;
- (b) a complete and accurate data capture of electronic payments prior to the decommissioning of the BACHSI system;
- (c) the implementation of archiving solutions that support future queries and reporting of data generated prior to June 12, 2026;
- (d) the termination of existing payment processing agreements related to BACHSI.

8. **Revocation:** The Directive issued on the 4<sup>th</sup> day of February , 2026 is hereby revoked.

## **SCHEDULE**

### **BACHSI System Decommissioning and Data Capture Plan**

#### **1. Introduction**

##### **1.1 Purpose of Document**

The Barbados Automated Clearing House Services Inc. (BACHSI) is responsible for the transfer of electronic payments between Participants operating in Barbados, in accordance with the procedures as set out in the BACHSI Rules and Standards, February 2023. This Plan sets out the approach to the orderly decommissioning of the BACHSI system and related operations, while preserving the integrity, accessibility, and usability of historical data generated prior to the transition to the new instant payment system (IPS). The Plan also defines the responsibilities, timelines, and controls needed to support regulatory, business, and customer requirements during and after the cut-over period.

##### **1.2 Objectives and Scope**

The Plan covers all activities required to decommission the BACHSI system and operations, and focuses on the following objectives:

- (a) to define data management responsibilities through the IPS Business User Group ("BUG");
- (b) to ensure complete and accurate data capture prior to BACHSI system shutdown;
- (c) to facilitate Participants completing full data capture runs on or before May 31, 2026 and again on June 13, 2026;
- (d) to implement archiving solutions that support future queries and reporting of data generated prior to June 12, 2026;
- (e) to establish data retention requirements that comply with regulatory and business needs;
- (f) to shut down and decommission BACHSI systems and servers in a controlled manner;
- (g) to terminate existing agreements related to BACHSI.

This Plan applies to BACHSI, its Board, and all Participants that process payments through BACHSI.

## **2. Cut-over and Power-off Strategy**

### **2.1 Pre “Go-Live”**

#### **2.2.1 Conditions for Cut-Over**

On or before **May 31, 2026**, all Participants must complete full data capture runs.

### **2.2 Data Assessment**

#### **2.2.1 Post Go-Live Support**

All data generated prior to the date of the system cut-over shall remain under the custody and control of the Participant. The Minimum Data Set requirements are outlined in the Appendix.

#### **2.2.2 Data Archiving Solutions**

Every Participant must establish and deploy a comprehensive data archiving solution that is capable of securely storing all historical data generated prior to May 31, 2026. The solution must ensure that archived information remains readily accessible and can be efficiently retrieved to support operational and regulatory needs during the retention period.

### **2.3 Escalation Framework**

A clearly defined escalation framework must be documented to govern how client queries, particularly complex or unresolved cases, are managed once the system is decommissioned. This framework should outline the specific steps, communication channels, and internal roles that are responsible for the resolution of queries within each Participant. The escalation framework must comply with the Central Bank of Barbados’ Market Conduct Guideline issued in July, 2024.

### **2.4 Retention Period and Compliance Requirements**

Following decommissioning and as part of the data capture process, Participants are required to retain all transaction related data as specified in the Appendix. All business transaction records shall be retained for a period of seven (7) years<sup>1</sup> after decommissioning.

## **3. Post Cut-over Activities**

### **3.1 Decommissioning**

**On June 12, 2026 at or before 11:59 p.m.:** The decommissioning of all software and hardware related to the BACHSI system shall commence with the transitioning of Automated Clearing House/Real-Time Processing (“ACH/RTP”) to an inactive state as a contingency measure to prevent the initiation or processing of new transactions (the “soft shutdown”).

---

<sup>1</sup> Section 18 (2)(a)(i), of the Money Laundering and Financing of Terrorism (Prevention and Control) Act, 2011-23.

The duration of the soft shut down shall be thirty (30) days commencing on **June 13, 2026** and ending on **July 13, 2026** (the "contingency period").

During the contingency period the ACH/RTP shall remain in a deactivated state that can be easily recovered. This will ensure the continuity of transaction processing in the event that the IPS experiences any major service disruption which would require the inactive state to be reversed. No processing of payment transactions shall be permitted during the contingency period except as set out below.

During the contingency period, the BACHSI system (ACH / RTP) may only be reactivated in the following circumstances:

- (a) where there is a defined emergency trigger;
- (b) with the authorisation from the Central Bank of Barbados; or
- (c) for a limited scope and duration.

**On July 14, 2026:** Provided there are no significant issues which arise during the contingency period, the soft shutdown shall be terminated and the full shutdown and decommissioning of all software and hardware related to the BACHSI system shall commence.

The key activities to decommission the BACHSI system are:

- (a) to execute a controlled shutdown and decommissioning of BACHSI's production, test, and all related software development environments;
- (b) to remove BACHSI connectivity and hardware interfaces from payment service provider environments in line with their asset write-off procedures;
- (c) subject to paragraph 2.4, to securely archive or destroy configuration files, scripts, and system logs according to existing retention requirements of the Participant.

### **3.2 Termination or Amendment of Licenses, Contracts, and Obligations**

The Chairperson of the BACHSI Board will provide a list of software and service contracts to be terminated or amended including but not limited to:

- (a) the contract between BACHSI and Prism Financial Processing and Services Limited ("Prism");
- (b) the sub-contract with PaySett Corporation which was renewed in November, 2025 for the period January 1, 2026 to December 31, 2026.

An inventory of BACHSI obligations must be developed and kept current as at July 14, 2026, including:

- (a) vendor and service provider contracts;

- (b) licences for software, hardware, and infrastructure;
- (c) support and maintenance agreements.

### **3.3 Post-Implementation Review**

After decommissioning, the IPS Business User Group (“BUG”) and BACHSI Board must conduct a post-implementation review no later than September 30, 2026:

- (a) to assess the effectiveness of the cut-over and decommissioning process;
- (b) to identify lessons learned and control improvements for future system transitions.

This post-implementation review must be reduced to writing and provided to the Central Bank of Barbados.

## **4. Governance and Responsibilities**

### **4.1 BACHSI Board**

The BACHSI Board is required to:

- (a) approve the cut-over, decommissioning, and corporate dissolution plan;
- (b) notify Participants of the decommissioning, dissolution and data capture timelines;
- (c) oversee contract terminations and obligations;

### **4.2 IPS Business User Group (BUG)**

The IPS Business User Group is required to:

- (a) coordinate business requirements, data management responsibilities, and Participant commitments;
- (b) monitor the following: readiness of Participants, data capture activities, and archiving implementation;

### **4.3 Participants**

Every Participant is required to:

- (a) maintain custody and control of pre-cut-over data;
- (b) execute backups, data assessments, archiving, and retention controls;
- (c) operate an escalation framework for post-decommissioning customer queries.

## 5. Appendix: Minimum Data Set (MDS) Requirements

The following are the minimum data set requirements in accordance with the category of data.

### Minimum Data Set (MDS) Requirements

Category	Data Elements Required
<b>1. Core Transactional Data</b>	<ul style="list-style-type: none"> <li>• Transaction ID / Reference Number</li> <li>• Transaction Type</li> <li>• Transaction Amount and Currency</li> <li>• Transaction Date and Timestamp</li> <li>• Settlement Date</li> <li>• Transaction Status</li> <li>• Counterparty Information (originator, beneficiary, PSP identifiers)</li> </ul>
<b>2. Customer and Account Identifiers</b>	<ul style="list-style-type: none"> <li>• Customer Unique Identifier</li> <li>• Account Number or Account Identifier</li> </ul>
<b>3. Reports and Reconciliations</b>	<ul style="list-style-type: none"> <li>• Daily, Weekly, and Monthly Reconciliation Reports</li> <li>• Settlement Summaries and End-of-Day Balances</li> <li>• Transaction Volume and Value Reports</li> </ul>
<b>4. Audit Information</b>	<ul style="list-style-type: none"> <li>• User or System IDs for transaction initiation / modification / approval</li> <li>• Timestamps for key processing events</li> <li>• System Logs (workflow steps, rule applications, validations)</li> <li>• Error Codes and Exception Logs</li> </ul>
<b>5. Dispute Records</b>	<ul style="list-style-type: none"> <li>• Dispute or Case ID</li> <li>• Linked Transaction References</li> <li>• Description of Dispute and Supporting Documentation</li> <li>• Investigation Notes and Outcomes</li> <li>• Resolution Date and Status Codes</li> </ul>

Given by the Central Bank of Barbados this 19th day of March, 2026

Dr. Kevin Greenidge

Governor
