CHAPTER III
Disbursements, Renunciation, and Automatic Cancellation

ARTICLE 3.01. Conditions Precedent to First Disbursement of Resources of the Contribution. Without prejudice to the other requirements set forth in the Special Conditions, the first disbursement of the resources of the Contribution shall be subject to the fulfillment of the following requirements to the satisfaction of the Bank:

- (a) The Bank shall have received one or more well-founded legal opinions which establish, with citations of the pertinent constitutional, legal, and regulatory provisions, that the obligations undertaken by the Beneficiary in this Agreement, are valid and enforceable. Such opinions shall also refer to any other legal question that the Bank may deem relevant.
- (b) The Beneficiary or the Executing Agency, as the case may be, shall have designated one or more officials to represent it for purposes of requesting disbursements of the Contribution and for other acts relating to the financial management of the Project, and shall have furnished the Bank with authentic copies of the signatures of said representatives. Should two or more officials be designated, the designation shall indicate whether such officials may act separately or must act jointly.
- (c) The Beneficiary or the Executing Agency, as the case may be, shall have provided to the Bank information in writing, through its representative authorized to request disbursements of the Contribution, regarding the bank account into which disbursements of the Contribution are to be deposited. Separate accounts shall be required for disbursements in Local Currency and Dollars. This information will not be necessary in the event the Bank agrees that the resources of the Contribution are to be posted in the Beneficiary's general treasury account.
- (d) The Beneficiary or Executing Agency, as the case may be, shall have demonstrated to the Bank that it has an adequate financial information system and internal control structure for the purposes indicated in this Agreement.

ARTICLE 3.02. Period for Fulfilling the Conditions Precedent to First Disbursement. If within one hundred eighty (180) days from the effective date of this Agreement, or within such longer period as the Parties may agree in writing, the conditions precedent to the first disbursement established in Article 3.01 of these General Conditions and other conditions precedent to the first disbursement agreed upon in the Special Conditions have not been fulfilled, the Bank may terminate this Agreement in advance by giving notice to the Beneficiary.

ARTICLE 3.03. Conditions for All Disbursements. (a) As a condition for all disbursements and without prejudice to the conditions precedent to the first disbursement of the resources of the Contribution established in Article 3.01 of these General Conditions and in the Special Conditions, if any, the Beneficiary or the Executing Agency, as the case may be, undertakes to present to the Bank in writing, whether physically or by electronic means, in such form and conditions as may be specified by the Bank, a disbursement request together with the

pertinent documents and other background materials required by the Bank. Unless the Bank agrees otherwise, the last disbursement request shall be presented to the Bank no later than thirty (30) days in advance of the expiration date of the Disbursement Period or any extension thereof.

(b) Unless the Parties agree otherwise, disbursements shall be made only in amounts of not less than the equivalent of one hundred thousand Dollars (US\$100,000) each.

(c) Any charge, fee, or expense assessed to the bank account into which disbursements of the proceeds of the Contribution are deposited shall be borne by, and are the responsibility of, the Beneficiary or the Executing Agency, as the case may be.

ARTICLE 3.04. Income Generated in the Bank Account for Disbursements. Income generated from the proceeds of the Contribution deposited in the bank account designated to receive disbursements shall be used to finance Eligible Expenditures.

ARTICLE 3.05. Disbursement Methods. At the request of the Beneficiary or the Executing Agency, as the case may be, the Bank may make disbursements of the resources of the Contribution through: (a) reimbursement of expenditures; (b) Advance of Funds; (c) direct payments to third parties; and (d) reimbursement under a letter of credit guarantee.

ARTICLE 3.06. Reimbursement of Expenditures. (a) The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the reimbursement of expenditures method when the Beneficiary or the Executing Agency, as the case may be, has paid for Eligible Expenditures with its own resources.

(b) Unless the Parties agree otherwise, disbursement requests for reimbursing expenditures shall be made promptly to the extent that the Beneficiary or the Executing Agency, as the case may be, has incurred such expenditures, and not later than sixty (60) days following the conclusion of each calendar semester.

ARTICLE 3.07. Advance of Funds. (a) The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the Advance of Funds method. The amount of the Advance of Funds shall be set by the Bank on the basis of (i) the liquidity needs of the Project in order to cover periodic projections of Eligible Expenditures during a period of up to six (6) months, unless the Financial Plan provides for a longer period, which in no case may exceed twelve (12) months; and (ii) the risks associated with the capacity demonstrated by the Beneficiary or the Executing Agency, as the case may be, to manage and use the resources of the Contribution.

(b) Each Advance of Funds shall be subject to: (i) the request for Advance of Funds being presented in a manner acceptable to the Bank; and (ii) with the exception of the first Advance of Funds, the Beneficiary or the Executing Agency, as the case may be, having presented a justification for the use of at least eighty percent (80%) of the total cumulative balances pending justification for this purpose, and the Bank having accepted such justification, unless the Financial Plan specifies a lower percentage, which in no case may be less than fifty percent (50%).

(c) The Bank may, during the term of the Financial Plan, provide for a one-time increase in the amount of the last Advance of Funds granted to the Beneficiary or the Executing Agency, as the case may be, to the extent that additional resources are needed to pay Eligible Expenditures that were unforeseen in said plan.

(d) The Beneficiary or the Executing Agency, as the case may be, shall present the last Advance of Funds request no later than thirty (30) days prior to the date of the expiration of the Disbursement Period or any extension thereof, in the understanding that the justification for such Advance of Funds shall be presented to the Bank during the Closing Period. The Bank shall not disburse resources subsequent to the expiration of the Disbursement Period or any extension thereof.

(e) The value of each Advance of Funds to the Beneficiary or the Executing Agency, as the case may be, must be maintained in the equivalent value expressed in the respective disbursement currency or in the Approval Currency. Eligible Expenditures incurred with resources of an Advance of Funds must be justified in the equivalent of the total amount of the Advance of Funds expressed in the respective disbursement currency or in the Approval Currency, using the exchange rate established in this Agreement. The Bank may accept adjustments in the justification of the Advance of Funds due to exchange rate fluctuations, provided that they do not impact the execution of the Project.

ARTICLE 3.08. Direct payments to third parties. (a) The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the method of direct payments to third parties, by means of which the Bank directly pays providers or contractors on behalf of the Beneficiary or the Executing Agency, as the case may be.

(b) In case of direct payments to third parties, the Beneficiary or the Executing Agency shall be responsible for payment of the amount equivalent to the difference between the amount of the disbursement requested by the Beneficiary or the Executing Agency and the amount received by the third party as the result of exchange rate fluctuations, commissions, and other financial costs.

(c) Notwithstanding paragraph (a) above and Article 6.04(b) of these General Conditions, whenever the Bank so determines, it may, by written notice to the Beneficiary or the Executing Agency, as appropriate, render void the request for direct payment submitted by the Beneficiary or the Executing Agency, as the case may be.

ARTICLE 3.09. Reimbursement under a Letter of Credit Guarantee. The Beneficiary or the Executing Agency, as the case may be, may request disbursements through reimbursement under a letter of credit, in order to reimburse commercial banks for payments made to contractors or providers of goods and services by virtue of a letter of credit issued and/or confirmed by a commercial bank and guaranteed by the Bank. The letter of credit must be issued and/or confirmed in a manner satisfactory to the Bank. The resources committed under the letter of credit and guaranteed by the Bank shall be used exclusively for the purposes established in the letter of credit for as long as the guarantee remains in effect.

ARTICLE 3.10. Exchange rate. (a) The Beneficiary undertakes to justify, or to cause the Executing Agency to justify, as the case may be, expenditures chargeable to the Contribution or the Additional Resources, expressing such expenditures in either the currency of denomination or the Approval Currency of the respective disbursement.

(b) To determine the equivalence of an Eligible Expenditure incurred in the Local Currency of the Beneficiary's country to the currency in which the disbursements are made, or alternatively to the Approval Currency, for purposes of accounting and justification of expenses, regardless of the source of financing of the Eligible Expenditure, one of the following exchange rates shall be used, pursuant to the Special Conditions:

- (i) the exchange rate in force on the date on which the Approval Currency or disbursement currency is converted into the Local Currency of the Beneficiary's country; or
- (ii) the exchange rate in force on the date of payment of the expenditure in the Local Currency of the Beneficiary's country.

(c) In those cases in which the exchange rate established in paragraph (b)(i) of this Article is selected, to determine the equivalent of expenditures incurred in the Local Currency chargeable to the Additional Resources or the reimbursement of expenditures chargeable to the Contribution, the rate used shall be the exchange rate agreed upon with the Bank in the Special Conditions.

ARTICLE 3.11. Receipts. At the request of the Bank, the Beneficiary shall sign and deliver to the Bank, upon completion of disbursements, a receipt or receipts for the amounts disbursed.

ARTICLE 3.12. Renunciation of Part of the Contribution. The Beneficiary may renounce, by notice to the Bank, its right to utilize any part of the Contribution which has not been disbursed before the receipt of such notice, provided that the resources of the Contribution are not subject to the guarantee of an irrevocable letter of credit, pursuant to Article 6.04 of these General Conditions.

ARTICLE 3.13. Automatic Cancellation of Portion of the Contribution. Upon expiration of the Disbursement Period and any extension thereof, any portion of the Contribution not committed or disbursed shall automatically be cancelled.

ARTICLE 3.14. Closing Period. (a) The Beneficiary undertakes to carry out, or to cause the Executing Agency to carry out, as the case may be, the following actions during the Closing Period: (i) finalize pending payments to third parties, if any; (ii) reconcile its records and present to the Bank's satisfaction the supporting documentation relating to expenditures charged to the Project and other information that the Bank may request; and (iii) return to the Bank the unjustified balance of disbursed resources of the Contribution.

(b) Notwithstanding the foregoing, if this Agreement provides for external financial audit reports financed with resources of the Contribution, the Beneficiary or the Executing Agency,

as the case may be, agrees to reserve, in the manner agreed with the Bank, sufficient resources to cover the payment of the corresponding auditing services. In this case, the Beneficiary or the Executing Agency, as the case may be, also undertakes to agree with the Bank as to how the corresponding payments for such audits will be made. In the event the Bank does not receive the above-mentioned external financial audit reports within the periods stipulated in this Agreement, the Beneficiary or the Executing Agency, as the case may be, agrees to return to the Bank the resources reserved for such purpose, which shall not be construed as a waiver by the Bank to exercise the rights set forth in 0 of this Agreement.

CHAPTER IV **Execution of the Project**

ARTICLE 4.01. Financial Management Systems and Internal Control. (a) The Beneficiary shall maintain, or cause the Executing Agency and Procurement Agent, if any, to maintain, as the case may be, internal controls so as to reasonably ensure: (i) that Project resources are used for the purposes of this Agreement, devoting special attention to the principles of economy and efficiency; (ii) that Project assets are adequately safeguarded; (iii) that Project transactions, decisions, and activities are duly authorized and executed in accordance with the provisions of this Agreement and any other contract related to the Project; and (iv) that transactions are properly documented and recorded in a way that facilitates the production of timely and reliable reports.

(c) The Beneficiary shall preserve and shall cause the Executing Agency or the Procurement Agent, as the case may be, to preserve, the original records of the Project for a minimum period of three (3) years after the expiration date of the Disbursement Period or any extension thereof. Such documents and records shall be maintained adequately in order to: (i) substantiate Project-related activities, decisions, and transactions, including all expenditures incurred; and (ii) show the correlation of the expenditures incurred under the Contribution to the respective disbursement made by the Bank.

(d) The Beneficiary shall include, or cause the Executing Agency and the Procurement Agent, if any, to include in all bidding documents, requests for proposals, and contracts financed with the resources of the Contribution that they enter into, respectively, a provision requiring that providers of goods or services, contractors, subcontractors, consultants and their agents, personnel, subconsultants, subcontractors, or concessionaires contracted by them, keep all documents and records related to activities financed with resources of the Contribution for a period of seven (7) years after completion of the work contemplated in the relevant contract.

ARTICLE 4.02. Additional Resources. The Beneficiary, directly or through the Executing Agency, as the case may be, commits to contribute Additional Resources in a timely manner. If, as of the approval date of the Contribution by the Bank, it has been determined that Additional Resources are needed, the estimated amount of such Additional Resources shall be that specified in the Special Conditions. Whether or not an estimate of the amount of the Additional Resources has been determined shall neither limit nor diminish the obligation of the Beneficiary, directly or through the Executing Agency, to contribute in a timely manner all additional resources which may be necessary for the complete and uninterrupted execution of the Project.

ARTICLE 4.03. General Provisions for Execution of the Project. (a) The Beneficiary shall execute, or cause the Executing Agency, as the case may be, to execute the Project in accordance with the objectives thereof, with due diligence in an economically, financially, administratively, and technically efficient manner, and in accordance with the provisions of this Agreement and the plans, specifications, investment schedule, budgets, regulations, and other relevant documents of the Project approved by the Bank. The Beneficiary or the Executing Agency, as the case may be, further agrees that all of its obligations shall be fulfilled to the satisfaction of the Bank.

(b) Any significant modification of the plans, specifications, investment schedule, budgets, regulations, or other documents which the Bank approves, as well as any substantial change in contracts financed with resources of the Contribution, shall require the written consent of the Bank.

(c) In case of contradiction or inconsistency between the provisions of this Agreement and any plan, specification, investment schedule, budget, regulations, or other relevant document of the Project approved by the Bank, the provisions of this Agreement shall prevail over those documents.

Use of procurement rules, procedures, and systems of the Beneficiary, an entity of the Beneficiary or of the Executing Agency, as the case may be, may be suspended by the Bank when, in its opinion, changes have occurred in the parameters or practices the Bank used as the basis for its acceptance, until such time as the Bank determines whether such changes are compatible with international best practices. During such suspension, the Procurement Policies and Consultant Policies of the Bank will apply. The Beneficiary, directly or through the Executing Agency, as the case may be, undertakes to notify the Bank of any change in the applicable legislation or processes that have been so accepted. The use of procurement rules, procedures, and systems of the Beneficiary, an entity of the Beneficiary or of the Executing Agency, as the case may be, does not constitute a waiver of the application of the provisions set forth in Section I of the Procurement Policies and Consultant Policies, including the requirement that the respective procurement and contracting of services be contained in the Procurement Plan and is subject to the remaining provisions of this Agreement. (d) The Beneficiary agrees to allow the Bank, whether directly or through the contracting of consulting services, to carry out supervision activities, including environmental and social audits of the Project, in order to confirm compliance with the environmental and social obligations set forth in the Special Conditions.

ARTICLE 4.07. Ineligible Expenditures for the Project. (a) Unless the Special Conditions establish otherwise, the Beneficiary, directly or through the Executing Agency, as the case may be, shall present the Bank with the external financial audit reports and other reports identified in the Special Conditions within one hundred twenty (120) days following the closing of each fiscal year of the Project and within the Disbursement Period or any extension thereof, and within one hundred twenty (120) days following the date of the last disbursement.

(b) In addition, the Beneficiary, directly or through the Executing Agency, as the case may be, shall present to the Bank other financial reports in such form and with such content and frequency as the Bank may reasonably request during the Project's execution when, in the opinion of the Bank, the analysis of the level of the Project's fiduciary risk, complexity, or nature so warrant.

(f) Notwithstanding the provisions above, the Bank may, on an exceptional basis, select and contract the services of independent auditors to audit the financial audit reports provided for in this Agreement when: (i) pursuant to the findings of a Bank-conducted cost-benefit analysis, it is determined that the benefits associated with the hiring of such services by the Bank outweigh the costs; (ii) there is limited access to auditing services in the country; (iii) special circumstances warrant the selecting and hiring of such services by the Bank; or (iv) the Green Climate Fund requests it. If the auditor were to observe the actions taken by the Beneficiary, or Executing Agency, or by the beneficiaries of the Project, the Beneficiary undertakes to cover the cost of said audit.

(g) The Bank reserves the right to request the Beneficiary or the Executing Agency, as the case may be, to have external audits other than financial audits or to have services carried out relating to the auditing of projects, of the Executing Agency and related entities, of the financial information system, and of the bank accounts of the Project, among others. (b) The provisions of Article 6.01(f) and Article 7.01(a)(i) shall also apply in cases in which the Procurement Agent or any firm, entity, or individual bidding for or participating in a Bank-financed activity, including applicants, bidders, contractors, consulting firms and individual consultants, personnel, subcontractors, subconsultants, providers of goods or services, concessionaires (including their respective officers, employees, and agents, irrespective of whether their authority has been expressly or implicitly granted) has been temporarily suspended from

eligibility to take part in a bidding or other selection process for the awarding of new contracts pending the final outcome of an investigation into a Prohibited Practice.

(c) The imposition of any action to be taken by the Bank pursuant to the provisions referred to above will be made public, except in cases of private reprimand.

(d) Any firm, entity, or individual bidding for or participating in a Bank-financed activity, including applicants, bidders, contractors, consulting firms and individual consultants, personnel, subcontractors, subconsultants, providers of goods or services, concessionaires, or a Contracting Agency (including their respective officers, employees, and agents, irrespective of whether their authority has been expressly or implicitly granted) may be sanctioned by the Bank pursuant to agreements the Bank may have with other international financial institutions regarding the mutual enforcement of debarment decisions. The Beneficiary or the Executing Agency, as the case may be, agrees to adopt, as may be required by the Bank, remedies such as suspension or termination of the corresponding contract. The Beneficiary agrees that the contracts it enters into with specialized agencies shall include provisions requiring them to consult the Bank's list of firms and individuals debarred either temporarily or permanently by the Bank from participating in a procurement or contracting operation financed wholly or partially with resources of the Contribution. In the event a specialized agency signs a contract or purchase order with a firm or an individual temporarily or permanently debarred by the Bank as indicated in this article, the Bank will not finance such contracts or expenditures and will apply such other remedies as it deems appropriate.

(b) The obligations acquired by the Beneficiary under this Agreement with respect to Prohibited Practices and other obligations relating to the operational policies of the Bank, shall remain in effect until such obligations are deemed fulfilled to the satisfaction of the Bank.

In all decisions, the President of the tribunal shall have the right to cast a double vote in the case of deadlock. If the Parties or the arbitrators fail to agree on who the President shall be, or if one of the Parties is unable to designate an arbitrator, the President shall be appointed, at the request of either Party, by the Secretary General of the Organization of American States. If either of the Parties fails to appoint an arbitrator, one shall be appointed by the President. If either of the appointed arbitrators or the President is unwilling or unable to act or to continue to act, his or her successor shall be appointed in the same manner as for the original appointment. The successor shall have the same functions as his or her predecessor.

ARTICLE 10.02. Initiation of the Procedure. In order to submit the conflict to arbitration, the claimant shall address to the other party a written notification setting forth the nature of the claim, the satisfaction or compensation it seeks, and the name of the arbitrator it appoints. The party receiving such notification shall, within forty-five (45) days, notify the adverse party of the name of the person it appoints as arbitrator. If, within seventy-five (75) days as of the notification of the initiation of the arbitral proceeding, the Parties have not agreed upon the person who is to act as President, either party may request the Secretary General of the Organization of American States to make the appointment.

ARTICLE 10.03. Convening of the Tribunal. The arbitration tribunal shall be convened in Washington, District of Columbia, United States of America, on the date designated by the President, and, once convened, shall meet on the dates which the tribunal itself shall establish.

ARTICLE 10.04. Procedure. (a) The tribunal is specifically empowered to decide any matter under its jurisdiction and shall adopt its own procedures. In any case, it shall give the Parties the opportunity to make oral presentations. All decisions of the tribunal shall be made by majority vote.

(b) The Tribunal shall base its rulings on the terms of the Agreement, and shall render its award even if one of the Parties fails to appear.

(c) The award shall be in writing and shall be adopted with the concurrent vote of at least two (2) members of the tribunal. It shall be handed down within approximately sixty (60) days from the date on which the President is appointed, unless the tribunal determines that, due to special and unforeseen circumstances, such period should be extended. The award shall be notified to the Parties by means of a notification signed by at least two (2) members of the tribunal, and shall be complied with within thirty (30) days from the date of notification. The award shall be final and will not be subject to any appeal.

ARTICLE 10.05. Costs. The fees of each arbitrator and the costs of arbitration (with the exception of attorneys' fees and the fees of other experts, which shall be covered by the Parties that appointed them) shall be covered by both Parties in equal proportion. Any doubt regarding the division of costs or the manner in which they are to be paid shall be determined, without appeal, by the tribunal.

ARTICLE 10.06. Notification. All notifications relative to the arbitration or to the award shall be made in the manner provided in this Agreement. The parties waive any other form of notification.

It will include all process units and ancillary facilities to provide secondary and tertiary treatment, followed by an Advanced Water Treatment (AWT) side stream including safe and sustainable treatment and management of sludge with the aim to reduce pollution and Greenhouse Gases emissions.
- 2.03** Additionally, this component will finance the upgrade of the existing South Coast Sewage Treatment Plant upgrading equipment in the existing influent lift pump station and headworks, including interconnecting piping to the SCWRRF and the design and installation of the odor control system. This component will also finance construction supervision services.

¹ The proposed design flows are: ADWF 9,000 m³/day, average wet weather flow (AWWF) 24,000 m³/day, and peak wet weather flow (PWWF) 28,000 m³/day.

Component 2. Reclaimed Water Reuse

This component includes the following sub-components:

Sub-component 2.1. Agriculture Reuse of Reclaimed Water Pipeline

- 2.04** This sub-component will finance the installation of a 25 km pipeline for transporting reclaimed water for irrigation for potentially some 1,320 hectares at River Plantation along the old trainline (Trailway), Haggatt Hall, Salters, Marchfield, and Sanford irrigation districts, ancillary equipment, and a reservoir.

Sub-component 2.2. Aquifer Recharge Infrastructure

- 2.05** This sub-component will finance the installation of a 4 km water pipeline, 5 injection wells, 6 exploratory boreholes, 3 monitoring wells, 3 abstraction boreholes and pumping stations, and ancillary equipment for aquifer recharge.
- 2.06** This component will also finance construction supervision services.

Component 3. Climate Change and Biodiversity Opportunities

This component includes the following sub-components:

Sub-component 3.1. Graeme Hall Swamp Natural Heritage Conservation Area (NHCA) Conservation

- 2.07** This sub-component will finance: (i) the development of baseline assessments for the NHCA, inclusive of the Graeme Hall Swamp (GHS), associated beach, and buffer zone; (ii) the development of a results-based management plan for GHS; and (iii) the upgrade of the drainage system to facilitate efficient discharge from the swamp to the sea.

Sub-component 3.2. Solar Energy Generation with Battery Storage

- 2.08** This sub-component will finance a 7MW solar photovoltaic plant and associated energy storage, to be co-located with existing 3MW solar systems.

Component 4. Institutional Strengthening

- 2.09** This component will finance institutional strengthening activities including: (i) improving the governance and project management capacity of the Barbados Water Authority (BWA) through the implementation of an action plan based on AquaRating and training in operation and maintenance of the South Coast Water Reclamation and Re-use Facility; (ii) implementing an Institutional Gender and Persons with Disabilities (PWD) Action Plan to promote the increased participation of women and PWD within BWA, and data collection on PWD within BWA; (iii) implementing robust monitoring, reporting and verification (MRV) systems to track water quality and quantity, soil quality and

climate-related parameters; (iv) developing and implementing a project planning, management and monitoring system for BWA; (v) developing and implementing an action plan to increase capacity at Government Analytical Services; (vi) strengthening the Barbados Agricultural Development and Marketing Corporation Farmers' Empowerment and Enfranchisement Drive program; and (vii) designing and implementing public awareness and stakeholder engagement campaigns to promote the benefits of wastewater reuse and build community support.

2.10 Project Administration and Other Costs. These will finance the Project Execution Unit (PEU) dedicated staff, audits, monitoring and evaluation, communication, and supervision and implementation of an Environmental and Social Management Plan (ESMP).

2.11 Contingency Resources. These will finance unanticipated costs arising from risks factors during infrastructural works.
