INTRODUCTION

The Judicial Council continued to be plagued with the difficulty of securing accurate statistics from the Magistrates' Courts as well as some of the criminal cases in the High Court, despite the best efforts of our Statistical Clerk. The bright light waiting in the wings to be shone on this, however, is that we continue to have discussions on the digitisation of the Magistrates' Courts. With the kind assistance of the United States National Center for State Courts and the Judiciary of Trinidad and Tobago, some preliminary discussions have begun on this project to bring the magistracy into technological equivalence with the Supreme Court.

In 2019, the process of drafting rules began in preparation for the APEX e-filing module which is to go into operation in October 2020.

The Honourable Chief Justice, Sir Marston Gibson, K.A. attended a JURIST Project Steering Committee (PSC) Meeting which was held on 28 March 2019 at the Hyatt Regency Hotel in Port-of-Spain, Trinidad and Tobago. The purpose of the meeting was to update Members on the status of the request to Global Affairs Canada for a future four years of programming for the Project.

In August 2018, the JURIST Project in association with the Judiciary of Barbados hosted two, one-week mediation training workshops at the University of the West Indies Cave Hill Campus for 44 mediators. In June 2019, following successful public education and engagement consultations in Barbados, JURIST announced that the Project was ready to commence the development and implementation of programming in this area.
