Unless the Bank agrees otherwise, the last disbursement request shall be presented to the Bank no later than thirty (30) days in advance of the expiration date of the Original Disbursement Period or any extension thereof.

(b) Unless the Parties agree otherwise, disbursements shall be made only in amounts of not less than the equivalent of one hundred thousand Dollars (US\$100,000) each.

(b) Each Advance of Funds shall be subject to: (i) the request for Advance of Funds being presented in a manner acceptable to the Bank; and (ii) with the exception of the first Advance of Funds, the Beneficiary or the Executing Agency, as the case may be, having presented a justification for the use of at least eighty percent (80%) of the total cumulative balances pending justification for this purpose, and the Bank having accepted such justification, unless the Financial Plan specifies a lower percentage, which in no case may be less than fifty percent (50%).

(c) The Bank may, during the term of the Financial Plan, provide for a one-time increase in the amount of the last Advance of Funds granted to the Beneficiary or the Executing Agency, as the case may be, to the extent that additional resources are needed to pay Eligible Expenditures that were unforeseen in said plan.

(d) The Beneficiary or the Executing Agency, as the case may be, shall present the last Advance of Funds request no later than thirty (30) days prior to the date of the expiration of the Original Disbursement Period or any extension thereof, in the understanding that the justification for such Advance of Funds shall be presented to the Bank during the Closing Period. (e) The value of each Advance of Funds to the Beneficiary or the Executing Agency, as the case may be, must be maintained in the equivalent value expressed in the respective disbursement currency or in the Approval Currency. Eligible Expenditures incurred with resources of an Advance of Funds must be justified in the equivalent of the total amount of the Advance of Funds expressed in the respective disbursement currency or in the Approval Currency, using the exchange rate established in this Agreement. The Bank may accept adjustments in the justification of the Advance of Funds due to exchange rate fluctuations, provided that they do not impact the execution of the Project.

ARTICLE 3.08. Direct payments to third parties. (a) The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the method of direct payments to third parties, by means of which the Bank directly pays providers or contractors on behalf of the Beneficiary or the Executing Agency, as the case may be.

(b) In case of direct payments to third parties, the Beneficiary or the Executing Agency shall be responsible for payment of the amount equivalent to the difference between the amount of the disbursement requested by the Beneficiary or the Executing Agency and the amount received by the third party as the result of exchange rate fluctuations, commissions, and other financial costs.

(c) Notwithstanding paragraph (a) above and Article 6.04(b) of these General Conditions, whenever the Bank so determines, it may, by written notice to the Beneficiary or the Executing Agency, as appropriate, render void the request for direct payment submitted by the Beneficiary or the Executing Agency, as the case may be.

The Beneficiary or the Executing Agency, as the case may be, may request disbursements through reimbursement under a letter of credit, in order to reimburse commercial banks for payments made to contractors or providers of goods and services by virtue of a letter of credit issued and/or confirmed by a commercial bank and guaranteed by the Bank. The letter of credit must be issued and/or confirmed in a manner satisfactory to the Bank. The resources committed under the letter of credit and

guaranteed by the Bank shall be used exclusively for the purposes established in the letter of credit for as long as the guarantee remains in effect.

ARTICLE 3.10. Exchange rate. (a) The Beneficiary undertakes to justify, or to cause the Executing Agency to justify, as the case may be, expenditures chargeable to the Contribution or the Additional Resources, expressing such expenditures in either the currency of denomination or the Approval Currency of the respective disbursement.

(b) To determine the equivalence of an Eligible Expenditure incurred in the Local Currency of the Beneficiary's country to the currency in which the disbursements are made, or alternatively to the Approval Currency, for purposes of accounting and justification of expenses, regardless of the source of financing of the Eligible Expenditure, one of the following exchange rates shall be used, pursuant to the Special Conditions:

- (i) the exchange rate in force on the date on which the Approval Currency or disbursement currency is converted into the Local Currency of the Beneficiary's country; or
- (ii) the exchange rate in force on the date of payment of the expenditure in the Local Currency of the Beneficiary's country.

(c) In those cases in which the exchange rate established in paragraph (b)(i) of this Article is selected, to determine the equivalent of expenditures incurred in the Local Currency chargeable to the Additional Resources or the reimbursement of expenditures chargeable to the Contribution, the rate used shall be the exchange rate agreed upon with the Bank in the Special Conditions.

ARTICLE 3.11. Receipts. At the request of the Bank, the Beneficiary shall sign and deliver to the Bank, upon completion of disbursements, a receipt or receipts for the amounts disbursed.

ARTICLE 3.12. Renunciation of Part of the Contribution. The Beneficiary may renounce, by notice to the Bank, its right to utilize any part of the Contribution which has not been disbursed before the receipt of such notice, provided that the resources of the Contribution are not subject to the guarantee of an irrevocable letter of credit, pursuant to Article 6.04 of these General Conditions.

ARTICLE 3.13. Automatic Cancellation of Portion of the Contribution. Upon expiration of the Original Disbursement Period and any extension thereof, any portion of the Contribution not committed or disbursed shall automatically be cancelled.

ARTICLE 4.03. General Provisions for Execution of the Project. (a) The Beneficiary shall execute, or cause the Executing Agency, as the case may be, to execute the Project in accordance with the objectives thereof, with due diligence in an economically, financially, administratively, and technically efficient manner, and in accordance with the provisions of this Agreement and the plans, specifications, investment schedule, budgets, regulations, and other relevant documents of the Project approved by the Bank. Use of procurement rules, procedures, and systems of the Beneficiary or an entity of the Beneficiary may be suspended by the Bank when, in its opinion, changes have occurred in the parameters or practices the Bank used as the basis for its acceptance, until such time as the Bank determines whether such changes are compatible with international best practices. During such suspension, the Procurement Policies and Consultant Policies of the Bank will apply. The Beneficiary, directly or through the Executing Agency, as the case may be, undertakes to notify the Bank of any change in the applicable legislation or processes that have been so accepted. (g) The Bank reserves the right to request the Beneficiary or the Executing Agency, as the case may be, to have external audits other than financial audits or to have services carried out relating to the auditing of projects, of the Executing Agency and related entities, of the financial information system, and of the bank accounts of the Project, among others. Any doubt regarding the division of costs or the manner in which they are to be paid shall be determined, without appeal, by the tribunal.

ARTICLE 1.01. Background. (a) On September 29, 2020, the European Union (“EU”), represented by the European Commission (“EC” or “European Commission”), and the Inter-American Development Bank (“Bank”) entered into a Financial Framework Partnership Agreement (“FFPA”), the purpose of which is to take into account the specificities of the Bank in the implementation of the EC’s standard contractual arrangements (the “EU General Conditions”) in relation to projects financed or co-financed with European Union (“EU”) funds.

(b) On June 1, 2023, the EU, represented by the EC, and the Bank executed a Contribution Agreement (the “Contribution Agreement” or the “Delegation Agreement”), whereby the EU agreed to contribute an amount of up to four million three hundred sixty-four thousand one hundred fifty Euros (€4,364,150) (the “EU Contribution”) for the financing of the Digital Transformation of the Queen Elizabeth Hospital (the “Programme”). The Programme complements the objectives of Loan Contract 4920/OC-BA to finance the Public Sector Modernization Programme (“Loan 4920/OC-BA”) granted by the Bank (altogether, the “Overall Programme” or the “Programmes”).

ARTICLE 6.01. **Confidentiality Agreement.** The Beneficiary, directly or through the Executing Agency, as the case may be, agrees to preserve the confidentiality of any document, information, or other material designated as confidential in nature directly related to the implementation of the Programme that is communicated as confidential. The confidential nature of a document shall not prevent its communication to third parties on a confidential basis, whenever the rules binding upon the parties so require. In no case can disclosure put in jeopardy the privileges and immunities of the Bank or the EU, or the safety and security of the Bank's staff, the EU, or the final beneficiaries of the Programme.

ARTICLE 6.02. **Requirement of Written Consent and Term.** (a) The Beneficiary, directly or through the Executing Agency, as the case may be, shall obtain the previous written consent of the Bank prior to disclosing such confidential information, unless:

(c) The Bank will also be bound by a confidentiality obligation whenever the Beneficiary identifies certain information as confidential, in accordance with and subject to the terms of its Access to Information Policy, as this may be amended or replaced from time to time.

CHAPTER VII **Data Protection**

ARTICLE 7.01. Personal Data Protection. Any Processing of Personal Data by the Beneficiary, either directly or through the Executing Agency, shall comply with the applicable data privacy, protection, security, and related laws and regulations of Barbados.

CHAPTER VIII **Communication and Visibility**

ARTICLE 8.01. Execution of the Communication and Visibility Requirements. (a) The Beneficiary, directly or through the Executing Agency, as the case may be, shall comply with communication and visibility requirements prepared on the basis of the visibility guidelines to be provided by the Bank to the Executing Agency. The visibility obligations contained therein and below are without prejudice of the publicizing of other sources of funding for the Programme.

(b) Unless the EU requests or agrees otherwise, the Beneficiary, directly or through the Executing Agency, as the case may be, shall take all appropriate measures according to the communication and visibility requirements applicable to the Programme to publicize the fact that the Programme has received funding from the EU. The information provided to the press and to the final beneficiaries, as well as all the publicity materials, official notices, reports, and publications shall acknowledge that the Programme has been carried out “with funding of the European Union” and shall display the EU logo (twelve yellow stars on a blue background) in an appropriate way. Publications of the Beneficiary and/or the Executing Agency, as the case may be, pertaining to the Programme, in any form and by any means, including the internet, shall include the following disclaimer: “*This document was produced with the financial assistance of the European Union. The views expressed herein can in no way be taken to reflect the official opinion of the European Union*”.

(c) If during the execution of the Programme, equipment, vehicles or major supplies are acquired using the EU Contribution, the Beneficiary and/or the Executing Agency, as the case may be, shall display appropriate acknowledgment on such vehicles, equipment or major supplies, including the display of the EU logo (twelve yellow stars on a blue background). Where such display could jeopardize the privileges and immunities that the Beneficiary and/or the Executing Agency may have, or the safety of their personnel or of the final beneficiaries, the Beneficiary and/or the Executing Agency, as the case may be, shall propose appropriate alternative arrangements. Both the acknowledgement and the EU logo shall be of such a size and prominence as to be clearly visible, in a manner that shall not create any confusion regarding the identification of the Programme as an activity of the Beneficiary and/or the Executing Agency, as the case may be, nor the ownership of the equipment, vehicles or major supplies by the Beneficiary and/or the Executing Agency, as the case may be.

(d) If, pursuant to Article 9.03(c), the equipment, vehicles, or remaining major supplies purchased with the EU Contribution have not been transferred to the local authorities, the local grant beneficiaries, final recipients, or final beneficiaries when submitting the final report, the visibility requirements regarding this equipment, vehicles, or major supplies (in particular display of the EU logo) shall continue to apply between submission of the final report and the end of the Overall Programme if the latter is longer. Where the Beneficiary and/or the Executing Agency, as the case may be, retains ownership pursuant to Article 9.03(d), the visibility requirements shall continue to apply for as long as the equipment, vehicles, and remaining major supplies are used by the Beneficiary and/or the Executing Agency, as the case may be.

(e) The Beneficiary, directly or through the Executing Agency, as the case may be, shall ensure that reports, publications, press releases, and updates relevant to the Programme are communicated to the addresses stated in the Special Conditions upon their issuance.

(f) The Beneficiary agrees to consult immediately and endeavor to remedy any detected shortcoming in implementing the visibility requirements set out in this Article. This is without prejudice to measures the EU may take in case of a substantial breach of an obligation.

CHAPTER IX

Ownership, Right to Use Results, and Transfer of Equipment

ARTICLE 9.01. Ownership. Ownership of the results of the Programme shall not vest in the EU. Subject to Chapter VI hereof (Confidentiality), the Beneficiary, directly or through the Executing Agency, as the case may be, shall grant, and shall act to ensure that any third party concerned grants the EU the right to use free of charge the results of the Programme, including the reports and other documents relating to it, which are subject to industrial or intellectual property rights.

ARTICLE 9.02. Right of Use. Where the results mentioned in Article 9.01 above include pre-existing rights, and the Beneficiary cannot warrant the EU the right to use such results, the Beneficiary, directly or through the Executing Agency, as the case may be, shall inform in writing the Bank, so that the Bank can inform the EU accordingly.

ARTICLE 9.03. Transfers. (a) The equipment, vehicles, and remaining major supplies purchased with the EU Contribution shall be transferred to or remain with the Executing Agency, local authorities, local grant beneficiaries, or final beneficiaries, as applicable, at the latest when submitting the final report.

(b) The documentary proof of those transfers shall not be presented with the final report but shall be kept for its verification for the duration and along with the documents provided under Article 16.02.

(c) By way of derogation from Article 9.03(a) above, the equipment, vehicles, and remaining major supplies purchased with the EU Contribution within the framework of a Programme that continues after the end of the Implementation Period may be transferred at the end of the Overall Programme. The Beneficiary, directly or through the Executing Agency, as the case may be, shall use the equipment, vehicles, and remaining major supplies for the benefit of the final beneficiaries. The Beneficiary, directly or through the Executing Agency, as the case may be, shall inform the Bank, so that it can promptly report to the EU, about the end use of the equipment, vehicles and remaining major supplies in the final report. Through the Bank, the EU may request the Beneficiary and/or the Executing Agency, as the case may be, to submit a form specifying the transfer of ownership of such assets.

(d) In the event there are no local authorities, local grant beneficiaries, or final beneficiaries to whom the equipment, vehicles, and remaining major supplies could be transferred, the Beneficiary, directly or through the Executing Agency, as the case may be, may transfer them to another EU funded Programme or, alternately, retain ownership of the equipment, vehicles and remaining major supplies at the end of the Programme. In such cases, it shall submit to the Bank a justified written request with an inventory listing the items concerned, together with a proposal regarding their use in due course and, at the latest, with the submission of the final report. The Bank may conduct any consultations with the EU that it may deem necessary before responding in writing to the request of the Beneficiary or Executing Agency, as the case may be. In no event may the end use jeopardize the sustainability of the Programme.

CHAPTER X

Monitoring and Evaluation of the Programme

ARTICLE 10.01. Monitoring and Evaluation Missions. (a) The Beneficiary acknowledges and agrees that the Bank, in consultation with the Beneficiary, shall invite representatives of the EU to participate, at their own costs, in the main monitoring and evaluation missions related to the performance of the Programme. The Bank, in consultation with the Beneficiary, directly or through the Executing Agency, as the case may be, shall report the results of these missions to the EU.

(b) The preceding Article 10.01(a) shall be understood without prejudice to any monitoring mission or evaluation exercise that the EU, as the donor, at its own cost, may wish to perform, in accordance with Chapter XVII hereof.

CHAPTER XI

ARTICLE 11.01. Amendment Procedure. Any amendment to the Agreement and/or this Supplementary Agreement, as applicable, shall be consistent with a corresponding amendment to the Contribution Agreement. Amendments to the Contribution Agreement shall be in writing before its End Date and will comply with other requirements set forth in Article 11 of the Contribution Agreement's General Conditions. The Beneficiary acknowledges that when an amendment to the Contribution Agreement does not affect the basic purpose of the Programme and the financial impact is limited to a transfer within a single budget heading, including cancellation or introduction of an item, or a transfer between budget headings involving a variation (as the case may be in cumulative terms) of twenty-five percent (25%) or less of the amount originally entered (or as amended by a written amendment) in relation to each concerned heading, the Bank and the Beneficiary and/or the Executing Agency may jointly agree to make such amendment, and the Bank shall inform this to the EU accordingly in writing, at the latest, in the next report. This methodology shall not apply to the amendment of the contingency reserve, if any. The outputs, indicators and their related targets, baselines and sources of verification described in Annex I of the Contribution Agreement, the logical framework described in such Contribution Agreement, as well as Annex VI of the same Contribution Agreement may be changed by a joint decision of the Bank and the Beneficiary with the consent of the EU, without need for a formal amendment to the Contribution Agreement, provided the change does not affect the basic purpose of the Programme. Where applicable, amendments to the Contribution Agreement may be reflected in an amendment to the Agreement and/or this Supplementary Agreement, as the case may be.

CHAPTER XII
Suspension

ARTICLE 12.01. Suspension of the Time Limit for Payment by the EU. (a) The Beneficiary acknowledges and accepts that the EU may suspend the time limit for payment under the Contribution Agreement following a single payment request submitted by the Bank through notice that:

- (i) The amount is not due; or
- (ii) The appropriate supporting documents have not been provided and, therefore, the EU needs to request clarifications, modifications or additional information to the narrative or financial reports. Such clarifications or additional information may be requested by the EU if it has doubt about compliance by the Bank, the Beneficiary, and/or the Executing Agency of their obligations with respect to the execution of the Programme; or
- (iii) If credible information has come to the attention of the EU that creates doubt about the eligibility of the reported costs or the acceptability of the reported expenditures; or

- (iv) If credible information has come to the attention of the EU about the existence of significant deficiencies in the functioning of the internal control system of the Bank, the Beneficiary, or the Executing Agency, or in the sense that the expenditure reported are related to serious irregularities that have not been corrected. In this case, the EU may suspend the payment period, if necessary, to prevent significant damage to the EU's financial interests.

(b) In the events provided under Article 12.01(a) hereof, the EU shall notify the Bank as soon as possible and, in any case, within thirty (30) days from the date on which the payment request was received, the reasons for the suspension, specifying, where applicable, the additional information required. The Bank shall promptly notify the Beneficiary. The suspension shall take effect on the date on which the EU sends the notification to the Bank stating the reasons for the suspension. The remaining payment period shall start to run from the date on which the requested information or revised documents are received by the Bank or the necessary further checks are carried out. If the requested information or documents are not provided within the deadline fixed or are incomplete, payment may be made on the basis of the partial information available.

ARTICLE 12.02. Suspension of the Contribution Agreement by the EU. (a) The Beneficiary acknowledges and agrees that the EU may suspend the implementation of the Contribution Agreement, fully or partially, if:

- (i) The EU has proof that irregularities, fraud, or breach of substantial obligations have been committed by the Bank, the Beneficiary, the Executing Agency, and/or its contractors, in the procedure of their selection, in their Pillar Assessment performed on the Bank or in the execution of the Programme;
- (ii) In the event that the EU has proof that irregularities, fraud, or breach of obligations have occurred which call into question the reliability or effectiveness of the internal control system of the Bank, the Beneficiary and/or the Executing Agency and/or its contractors, or the legality and regularity of the underlying operations; and
- (iii) The EU has proof that the Bank, the Beneficiary, the Executing Agency, and/or its contractors have committed irregularities, fraud or breaches of obligations under other agreements funded with EU funds, provided that those irregularities, fraud, or breaches of obligations have a material impact in the Contribution Agreement.

(b) Before suspension, the EU shall formally notify the Bank of its intention to suspend payments, inviting it to make observations within ten (10) days from the receipt of the notification. The Bank will pass along such notification to the Beneficiary. The Beneficiary agrees to collaborate in whatever may be necessary and/or advisable in order for the Bank to make its observations within said term. If the Bank does not submit observations or if, after examination of

the observations submitted by the Bank, the EU decides to pursue the suspension, the latter may suspend all or part of the implementation of the Contribution Agreement, serving seven (7) days prior notice. In the case of partial suspension of the Contribution Agreement, by request of the Bank and in agreement with the Beneficiary, the EU and the Bank shall enter into discussions to find the arrangements necessary to continue the part of the implementation of the Programme that is not suspended. Any expenditure or costs incurred during the suspension and related to the suspended part of the Contribution Agreement shall not be reimbursed or covered by the EU. Following the suspension of the implementation of the Contribution Agreement, the EU may terminate the Contribution Agreement, recover the amounts unduly paid, and, in agreement with the Bank and the Beneficiary, resume the application of the Contribution Agreement. In the latter case, the EU and the Bank shall modify the Contribution Agreement as may be necessary, and the Bank and the Beneficiary shall amend this Supplementary Agreement accordingly.

ARTICLE 12.03. Suspension for Exceptional Circumstances. (a) The Bank, in consultation with the Beneficiary, may decide to suspend the implementation of all or part of the Programme if unforeseen and exceptional circumstances beyond the control of the Bank and/or the Beneficiary make such implementation impossible or excessively difficult, such as in cases of force majeure. In coordination with the Beneficiary, the Bank shall give immediate notice to the EU, providing all the necessary details, including the measures taken to minimize any possible damage, the foreseeable effect, and the date of resumption.

(b) The EU may also notify the Bank about the suspension of the implementation of the Contribution Agreement if exceptional circumstances so require, particularly:

- (i) When a relevant EU Decision identifying a violation of human rights has been adopted; and
- (ii) In cases such as a crisis that entails a change of EU policy.

(c) Neither the Bank nor the Beneficiary shall be held liable for breach of its obligations with respect to the Programme if it is prevented from fulfilling them by force majeure or by exceptional circumstances mentioned in this Article, provided it takes any measures to minimize any possible damage.

(d) The Bank and the Beneficiary, as applicable, shall minimize the duration of the suspension. The Beneficiary, in consultation with the Bank and the EU, shall resume the implementation of the Programme once the conditions allow. During the suspension period, the right to obtain the refund of minimum costs shall be applicable, including new legal commitments, necessary for a possible resumption of the implementation of the Programme. The EU and the Bank, in consultation with the Beneficiary, shall agree on such costs, including the reimbursement of legal commitments incurred for implementing the Programme before the notification of the suspension was received, which the Bank and/or the Beneficiary cannot reasonably suspend, reallocate or terminate on legal grounds. This is without prejudice to any amendments to the Contribution Agreement (and, by extension, to this Supplementary Agreement) that may be necessary to adapt the Programme to the new implementing conditions, including, if possible, the extension of the Implementation Period or to the termination of the Contribution Agreement in

accordance with Chapter XIII below. In case of suspension due to force majeure or if the Action is a Multi-Donor Action (such as this case), the Implementation Period is automatically extended by an amount of time equivalent to the duration of the suspension. In such cases, the Bank and the Beneficiary will modify this Supplementary Agreement accordingly.

ARTICLE 12.04. Effect of the Suspension Situations on this Supplementary Agreement.

The Beneficiary acknowledges and accepts that the suspension situations described in the preceding Articles are decided by the EU and remain outside of the control of the Bank. Therefore, the Beneficiary, the Executing Agency, and their contractors release the Bank from any liability and waive any claim against the Bank related to such events and/or any damages that such suspension may generate to itself or its contractors. In the event of these suspension situations, the same shall be automatically replicated herein. In addition, in the event the suspensions are lifted pursuant to the preceding Articles, the time limit for payment shall be resumed, as well as the execution of the Programme and the other obligations of the Beneficiary provided herein. Finally, such suspension situations are independent and shall not limit the right to suspension of disbursements and cancellations to which the Bank is entitled pursuant to the General Conditions of this Agreement.

CHAPTER XIII

Termination of the Contribution Agreement

ARTICLE 13.01. Termination Events and Procedure. (a) The Beneficiary acknowledges and agrees that, without prejudice to any other provision herein or penalties foreseen in the EU Financial Regulation, where applicable, and with due regard to the principle of proportionality, the EU may terminate the Contribution Agreement in the event that the Bank, the Beneficiary, Executing Agency and/or its contractors:

- (i) Fail to fulfill a substantial obligation incumbent on them pursuant to the provisions of the Contribution Agreement and/or this Supplementary Agreement;
- (ii) Are guilty of misrepresentation or submit false or incomplete statements to obtain the EU Contribution, or provide reports that do not reflect reality to obtain or keep the EU Contribution without cause;
- (iii) Are bankrupt or being wound up, or are subject to any other similar proceeding;
- (iv) Are guilty of grave professional misconduct proven by any justified means;
- (v) Have committed fraud, corruption or any other illegal activity to the detriment of the EU's financial interests on the basis of proof in the possession of the EU;

- (vi) Fail to comply with the reporting obligations described in Chapter III hereof; and
- (vii) Have committed any of the failings described in Article 12.02 hereof on the basis of proof in the possession of the EU.

(b) Before terminating the Contribution Agreement pursuant to the preceding Article, the EU shall formally notify the Bank of its intention to terminate, inviting it to make observations (including proposals for remedial measures) within thirty (30) days from receipt of the notice. The Bank shall give notice of the same to the Beneficiary, and the Beneficiary shall collaborate in whatever may be necessary and/or advisable, so the Bank can make such observations within the provided term. In the event that the Bank and the Beneficiary fail to submit observations or if, after examination of the observations submitted, the EU decides to pursue the termination, the EU may terminate the Contribution Agreement serving seven (7) days' prior notice. During that period, the Bank may refer the matter to the responsible Director in the European Commission. In such case, the termination will take effect if and when confirmed by the Director. The Bank shall notify the Beneficiary promptly. The EU may demand full repayment of any amounts paid in excess of the final amount established pursuant to Articles 20.01 and 20.02 hereof, after allowing the Bank to submit its observations, which the Bank will do in consultation with the Beneficiary. The Beneficiary and/or the Executing Agency shall not be entitled to claim indemnity from the Bank or the EU for the termination of the Contribution Agreement.

(c) If at any time the Beneficiary, in consultation with the Bank, considers that the Programme can no longer be effectively or appropriately carried out, the Bank shall consult with the EU. Failing agreement on a solution, the Beneficiary, with previous written notification to the Bank, may terminate this Agreement upon a ninety (90) day written notice, in order for the Bank to give a sixty (60) day written notice to the EU to terminate the Contribution Agreement. In this case, the final amount shall cover:

- (i) Payment for the part of the Programme carried out, up to the date of termination;
- (ii) In the situations provided in Articles 12.03(a) and 12.03(b) hereof, to the unavoidable residual expenses incurred during the notice term; and
- (iii) In the situations referred to Articles 12.03(a) and 12.03(b) hereof, the reimbursement of the legal commitments entered into for the implementation of the Programme before the written notice on termination was received and the Bank and/or the Beneficiary and/or the Executing Agency, as applicable, could not reasonably terminate on legal grounds.

(d) The Beneficiary acknowledges and agrees that the EU shall recover the remaining part pursuant to Chapter XV hereof.

(e) In the event of termination, a final report and a request for payment of the balance should be submitted pursuant to Chapters III and XIX hereof. The Beneficiary accepts that the EU shall not reimburse or cover any expenditure or costs that are not included or justified in a report approved by it.

ARTICLE 13.02. Effect of the Termination of the Contribution Agreement. The Beneficiary acknowledges and agrees that the termination of the Contribution Agreement provided for in Article 13.01 hereof will be decided by the EU and remains outside of the control of the Bank. Therefore, the Beneficiary and/or the Executing Agency, as applicable, release the Bank from any liability associated with the termination and/or any damages that may result to the Bank or its contractors from such termination and waives any claim against the Bank in this respect. In the event of termination of the Contribution Agreement, the implementation of the Action under this Supplementary Agreement shall be automatically terminated.

CHAPTER XIV

Applicable Law and Settlement of Disputes

ARTICLE 14.01. Applicable Law and Settlement of Disputes. The Beneficiary acknowledges that the dispute resolution mechanism agreed by the EU and the Bank is governed by Article 13 of the General Conditions of the Contribution Agreement.

CHAPTER XV

Recovery

ARTICLE 15.01. Recovery. When any amount is to be recovered under the Contribution Agreement, the Bank shall repay the amount due to the EU in the terms and deadlines notified by the EU. Unless the recovery in question is directly attributable to the Bank, the Beneficiary will promptly pay any such recovered amount to the Bank, as set forth below.

ARTICLE 15.02. Recovery Procedure. (a) Before recovery, the EU shall formally notify the Bank of its intention to recover any undue amount, specifying the amount and the reasons for recovery, and inviting the Bank to make any observations within thirty (30) days from the date of receipt of the notification. The Bank shall notify the Beneficiary, which agrees to cooperate with the Bank in whatever may be necessary and/or advisable for the Bank to make such comments within the provided term. If, after examination of the observations submitted by the Bank or if the Bank does not submit any observations, the EU decides to pursue the recovery procedure, the EU may confirm the recovery by giving notice to the Bank. If there is a disagreement between the Bank and the EU on the amount to be repaid, the Bank may refer the matter to the responsible Director of the EU within thirty (30) days. After the deadline or the Director's decision, as the case may be, the EU may issue a debit note that specifies the terms and date for payment. The Bank shall notify the same to the Beneficiary, which agrees to pay the totality of the amount owed, at least five (5) working days in advance of the payment date established by the EU, in order for the Bank to timely and properly deliver such payment to the EU.

(b) In the event that the Bank fails to make payment by the date specified in the debit note, the EU may recover the amount due:

- (i) By offsetting it against any amounts owed by the EU to the Bank (including any undisbursed portion of the EU Contribution);
- (ii) By taking legal action pursuant to Article 14 of the EU General Conditions; and
- (iii) In exceptional circumstances, justified by the necessity to safeguard the financial interests of the EU, the EU may, when it has justified grounds to believe that the amount due would be lost, recover by offsetting before the deadline specified in the debit note without the prior agreement of the Bank.

(c) In the cases described in paragraphs (i), (ii), and (iii) above, the Beneficiary shall reimburse the Bank any amounts deducted or paid by the Bank to the EU, plus interest on late payments described below and/or any additional costs imposed by the EU.

(d) In the event that the Bank fails to repay by the due date, the amount due shall be increased by late payment interest, calculated at the rate provided in Article 17.7(a) of Annex II of the Contribution Agreement. The Beneficiary accepts that such interest shall be applied and will therefore repay the amount due plus any accrued interest if the failure to repay by the due date is caused by its own acts or omissions. The interest shall be payable for the period between the day after the expiration of the time limit for payment up to and including the date when the Bank actually receives payment in full of the outstanding amount. Any partial payments shall first cover the interest.

(e) Bank charges incurred for recovery in accordance with this Article shall be borne entirely by the Beneficiary.

CHAPTER XVI **Accounts and Archiving**

ARTICLE 16.01. **Accounting.** The Beneficiary, directly or through the Executing Agency, as the case may be, shall keep accurate, complete, reliable and regular records and accounts of the implementation of the Programme. The applicable accounting Regulations and Rules of the Bank shall be complied with. Financial transactions and financial statements shall be subject to internal and external auditing procedures set forth in the Bank's Regulations and Rules, as set forth in this Agreement.

ARTICLE 16.02. **Archiving.** For a period of five (5) years from the End Date, and in any case until any ongoing audit, verification, appeal, litigation, or pursuit of claim or investigation by the European Anti-Fraud Office (OLAF), if notified to the Bank, has been disposed of, the Beneficiary, directly or through the Executing Agency, as the case may be, shall keep and make available all relevant financial information (originals or copies) related to the Supplementary

Agreement and to any procurement contracts and grant agreements financed by the EU Contribution. The Document Retention Requirements for Verification and Audit Purposes, which is an annex to the Framework Agreement, attached to this Supplementary Agreement as Schedule 1, shall be used as guidelines to comply with this obligation. The obligation to keep the information herein beyond five (5) years in case of claims shall be applicable only in cases in which the Bank has reliable knowledge that there are such claims, so the Beneficiary agrees to keep the Bank informed of any such fact and vice-versa.

CHAPTER XVII

Access and Financial Checks

ARTICLE 17.01. Verifications. The Beneficiary and/or the Executing Agency, as the case may be, shall allow the EU, OLAF, the European Court of Auditors, or any other authorized representative to conduct verifications, including desk reviews and/or on-the-spot checks, on the use made of the EU Contribution (including the procedures for the award of public contracts and grants) and will have the right to request all relevant financial information (drawn from accounts, records and/or other supporting accounting documents) or of any other document related to the financing of the Programme, seek clarifications of information and verify underlying documents.

ARTICLE 17.02. Procedural Matters. (a) Where applicable, the desk reviews, investigations, on-the-spot checks, and inspections referred to above shall refer to a verification that shall be performed in accordance with the verification clauses agreed between the Bank and the European Commission under the FFPA. This is without prejudice to any cooperation arrangement between OLAF and the Bank's anti-fraud bodies, where applicable, as stated below.

(b) Verifications will be conducted in a collaborative manner, without creating an undue burden, and in good faith. The EU has agreed to prepare them carefully, to give sufficient notice, and to inform the Bank of its terms of reference in advance. To the extent possible, and provided that the Bank has received these communications from the EU in a timely manner, the Bank will notify and coordinate with the Beneficiary accordingly.

(c) The EU has undertaken to conduct initial and final meetings with the verification team at the start and end of the mission. The EU has agreed to share a draft verification report, allowing sufficient time for comments prior to final issuance. The Bank and the Beneficiary will coordinate and consult with each other in order to make submit any such comments in a timely manner.

ARTICLE 17.03. European Anti-fraud Office (OLAF). Any verification agreement in accordance with the above shall not affect the powers of OLAF and the Bank's obligations regarding OLAF in accordance with their Administrative Cooperation Agreement dated June 23, 2015. The Beneficiary and/or the Executing Agency, as the case may be, agree that OLAF may carry out investigations, including on-the-spot checks and inspections, in accordance with the provisions laid down by EU law for the protection of the financial interests of the EU against fraud, corruption and any other illegal activity. OLAF has undertaken to inform the Bank of any suspected prohibited practice without undue delay.

ARTICLE 17.04. European Court of Auditors. The Beneficiary and/or the Executing Agency, as the case may be, agree that the execution of the Contribution Agreement may be subject to scrutiny by the Court of Auditors when the Court of Auditors audits the European Commission's implementation of EU expenditure. In such case, the Bank, the Beneficiary, and/or the Executing Agency, as the case may be, shall provide to the Court of Auditors access to the information that is required for the European Court of Auditors to perform its duties.

ARTICLE 17.05. Access. To implement the verification prerogatives stated above, the Beneficiary shall keep (or ensure that the Executing Agency or its contractors keep) financial and accounting documents concerning the activities financed by the EU in accordance with document retention standards (see Chapter XVI hereof). They agree to make all relevant financial information available to the competent bodies of the EU upon request, including the EC, OLAF, and the European Court of Auditors. This includes access to any documents and computerized data concerning the technical and financial management of the operations financed or co-financed with EU funds, as well to as grant them access to sites and premises at which such operations are carried out. The Beneficiary and/or the Executing Agency, as the case may be, shall take all the necessary measures to facilitate these checks. The documents and computerized data may include confidential information pursuant to the applicable laws or on the basis of contractual agreements. Such information, once provided to EC, OLAF, and the European Court of Auditors or any other authorized representative, shall be treated pursuant to the EU confidentiality rules and legislation and to Chapter VI hereof. The documents shall be kept accessible and be classified in a manner permitting checks, and the Beneficiary and/or the Executing Agency, as the case may be, shall report to the Bank, the EC, OLAF, the European Court of Auditors, and to their authorized agents the exact location at which they are kept. The Bank may request that the Beneficiary and/or the Executing Agency send copies of such documents for a desk review to the EC, OLAF, and the European Court of Auditors and its authorized agents.

CHAPTER XVIII **Expenditures**

ARTICLE 18.01. Eligible Expenditures. In addition to the requirements of the Special Conditions of the Agreement, the Beneficiary agrees that the expenditures of the Programme financed or co-financed with EU resources (see definition of Action) shall meet the following criteria:

- (a) They are necessary for carrying out the Action, directly attributable to it, arising as a direct consequence of its implementation and charged in proportion to the actual use;
- (b) They are incurred in accordance with the provisions of the Contribution Agreement, as applicable in accordance with this Supplementary Agreement;

- (c) They are actually incurred by the Beneficiary and/or the Executing Agency, i.e. they represent real expenditure definitely and genuinely borne by the Beneficiary and/or the Executing Agency, as the case may be;
- (d) They are reasonable, justified, comply with the EU principle of Sound Financial Management, and are in line with the usual practices of the Bank regardless of their source of funding;
- (e) They are incurred during the Implementation Period with the exception of costs related to the final report, final evaluation, audit, and other costs linked to the closure of the Action, which may be incurred after the Implementation Period;
- (f) They are identifiable and backed by supporting documents, in particular determined and recorded in accordance with the accounting practices of the Bank;
- (g) They are covered by one of the sub-headings indicated in the estimated budget in Annex III and by the activities described in Annex I of the Contribution Agreement; and
- (h) They comply with the applicable tax and social legislation taking into account the Bank or the Beneficiary's privileges and immunities, if applicable.

ARTICLE 18.02. Ineligible Expenses. Notwithstanding the provisions of the Bank procurement and fiduciary guidelines and policies, the following expenditures shall not be eligible for EU financing:

- (a) Bonuses, provisions, reserves, or non-remuneration-related costs. Employers' contributions to pension or other insurance funds run by the Beneficiary or the Executing Agency, as the case may be, may only be eligible to the extent they do not exceed the actual payments made by these schemes and that the amount provisioned does not exceed the contribution that could have been made to an external fund;
- (b) Full-purchase cost of equipment and assets unless the asset or equipment is specifically purchased for the Action and ownership is transferred in accordance with Chapter IX hereof;
- (c) Duties, taxes, and charges, including VAT, that are recoverable/deductible by the Beneficiary and/or the Executing Agency, as the case may be;
- (d) Return of capital;
- (e) Debts and debt service charges;
- (f) Provision for losses, debts, or potential future liabilities;
- (g) Banking charges for the transfers from and to the Bank;

- (h) Costs incurred during the suspension of the implementation of the Contribution Agreement except the minimum costs agreed on in accordance with Article 12.03(d) hereof;
- (i) Costs declared by the Beneficiary or the Executing Agency, as the case may be, under another agreement financed by the European Union budget (including through the European Development Fund);
- (j) Contributions in kind. The cost of staff assigned to the Action and actually incurred by the Beneficiary and/or the Executing Agency, as the case may be, is not a contribution in kind and may be declared as a direct eligible cost if it complies with the conditions set out in Article 18.01; and
- (k) Costs of purchase of land or buildings.

ARTICLE 18.03. Simplified Cost Options. (a) If stated in the Special Conditions of the Contribution Agreement, direct eligible costs may also be declared by using any or a combination of unit costs, lump sums, and flat-rate financing.

(b) The methods used by the Beneficiary and/or the Executing agency, as the case may be, to determine unit costs, lump sums, or flat rates shall comply with the principles provided in this Article 18.03, be clearly described and substantiated in Annex III of the Contribution Agreement, shall avoid double funding of costs and shall respect the EU principle of Sound Financial Management. These methods shall be based on the Beneficiary and/or Executing Agency's historical or actual accounting data, its usual accounting practices, an expert judgment, or on statistical or other objective information where available and appropriate.

(c) Costs declared under simplified cost options do not need to be backed by accounting or supporting documents except if they are necessary to demonstrate that the costs have been declared according to the declared method or cost accounting practices and that the qualitative and quantitative conditions defined in Annex I and III of the Contribution Agreement have been respected.

(d) Simplified cost options not linked to the achievement of concrete results shall only be eligible if they have been ex ante-assessed by the EU.

(e) If a verification reveals that the methods used by the Beneficiary and/or the Executing Agency to determine unit costs, lump sums, or flat rates are not compliant with the conditions established in this Supplementary Agreement, the Beneficiary and/or Executing Agency, as the case may be, shall be entitled to recover proportionately up to the amount of the unit costs, lump sums or flat-rate financing.

CHAPTER XIX

Payments (Disbursements from the EU to the IDB)

ARTICLE 19.01. Contribution Payment Procedures. (a) Payment procedures of the EU Contribution shall be as follows:

- (i) The EU shall provide to the Bank a first pre-financing instalment of the EU Contribution within thirty (30) days from receipt of the Contribution Agreement signed by both parties (i.e., the EC and the Bank);
- (ii) For each further instalment of the EU Contribution, the Bank, in coordination with the Beneficiary and/or the Executing Agency, may submit a request for further pre-financing instalment for the following Reporting Period in accordance with the Special Conditions of the Contribution Agreement, in which case the following provisions apply:
 - The Reporting Period is intended to be a twelve (12) month period that will coincide with the Beneficiary or Executing Agency's fiscal year, as applicable, unless otherwise provided for in the Special Conditions of the Contribution Agreement. When the remaining period to the end of the Action is up to eighteen (18) months, the Reporting Period shall cover it entirely;
 - If, at the end of the Reporting Period, less than seventy percent (70%) of the last payment (and 100% of previous payments, if any) has been paid by the Beneficiary and/or the Executing Agency to its staff or is otherwise subject to a legal commitment with a third party, the further pre-financing payment shall be reduced by the amount corresponding to the difference between the 70% of the immediately pre-financing payment (and 100% of previous payments, if any) and the part of the previous pre-financing payments which has been paid by the Beneficiary to its staff or has been subject to a legal commitment with a third party;
 - The Bank, in coordination with the Beneficiary and/or the Executing Agency, may submit a request for further pre-financing payment before the end of the Reporting Period, once more than seventy percent (70%) of the immediately preceding payment (and 100% of previous payments, if any) has been paid by the Beneficiary and/or the Executing Agency to its staff or otherwise subject to a legal commitment with a third party. In this case, the following Reporting Period starts anew from the end date of the period covered by this payment request.

- (iii) At the end of the Implementation Period, the Bank, in coordination with the Beneficiary and/or the Executing Agency, may submit a payment request for the balance, where applicable, together with the final report. The amount of the balance shall be determined following approval of the request for payment of the balance and the final report. In case of a Multi-Donor Action (such as this case), then this last payment shall not be contingent on the submission of the final report for the Overall Programme.
- (iv) The EU shall pay the further EU Contribution instalments and the balance within ninety (90) days from receipt of a payment request accompanied by a progress or final report, unless the payment or the time limit for payment has been suspended pursuant to Article 12 or 13 of the Contribution Agreement (as stated in Chapters XII and XIII hereof).

(b) The EU Contribution payment requests to be submitted by the Bank, in coordination with the Beneficiary and/or the Executing Agency, shall be accompanied by the descriptive and financial reports submitted pursuant to Chapter III hereof. EU Contribution payment requests shall be drafted in the currency specified in the Special Conditions of the Contribution Agreement. With the exception of the first EU Contribution instalment, payments shall be made at the time of approval of the payment request accompanied by a progress or final report. The final amount shall be determined pursuant to Chapter XX hereof. If the balance is negative, any payment of the balance shall become a recovery (Chapter XV hereof).

(c) Approval of EU Contribution payment requests and of the accompanying reports shall not imply recognition by the EU or the Bank of regularity or of authenticity, completeness, and correctness of the declarations or information included therein.

(d) The EU shall make the payments of the EU Contribution to the Bank in the currency specified in the Contribution Agreement. Upon receipt, and if applicable, the Bank will convert any EU funds to Dollars using the market rate in effect at the time of the conversion. Once converted, the Bank will transfer such Dollars to the Beneficiary in accordance with this Agreement. The Bank will not be responsible for any exchange rate loss.

ARTICLE 19.02. Late Payments. The Beneficiary acknowledges that the Bank can only transfer EU funds to the Beneficiary if it has received them and that the EU could delay the payment of the EU Contribution to the Bank, which could, in turn, represent a delay in the disbursements of the Bank to the Beneficiary. In any event, the Beneficiary releases the Bank from any and all liability and waives any claim against the Bank with respect to any delay in the disbursement of resources due to delays in payment by the EU.

CHAPTER XX
Final Amount of the Contribution

ARTICLE 20.01. Determination of the Final Amount. (a) The Beneficiary acknowledges and agrees that the EU shall determine the final amount of the EU Contribution when approving the final report. The EU shall then determine the balance:

- (i) To be paid pursuant to Chapter XIX hereof to the Bank, which will, in turn, pay such amount to the Beneficiary, where the final amount of the EU Contribution was greater than the total amounts already paid; or
- (ii) To be recovered from the Bank, which shall, in turn, recover from the Beneficiary pursuant to Chapter XV hereof, where the final amount of the EU Contribution was lower than the total amounts already paid.

(b) In addition, the Beneficiary acknowledges and agrees that the final amount shall be the lower of the following two amounts:

- (i) The amount obtained after reduction of the EU Contribution pursuant to Article 20.02 hereof;
- (ii) The maximum EU Contribution referred to in Article 3.1 of the Special Conditions of the Contribution Agreement in terms of absolute value.

ARTICLE 20.02. Reduction of the Final Amount. If the Action: (i) is not implemented; (ii) is not implemented in accordance with the Contribution Agreement; or (iii) is implemented partially or late, the EU may, after allowing the Bank to submit its observations, reduce the EU Contribution in proportion to the seriousness of the above-mentioned situations. The Bank shall promptly notify the Beneficiary in order for the latter to cooperate with the Bank in the submission of observations. If there is a disagreement between the Bank and the EU on the reduction, the Bank may refer the matter to the responsible Director of the EU.

CHAPTER XXI
Performance Based Financing

ARTICLE 21.01. Performance-based Financing. (a) If stated in the Special Conditions of the Contribution Agreement, the payment of the EU Contribution may be partly or entirely linked to the achievement of Results measured by reference to previously set milestones or through performance Indicators. Such performance-based financing is not subject to Article 18 of the Contribution Agreement. The relevant Results and the means to measure their achievement shall be clearly described in Annex I of the Contribution Agreement.

(b) The amount to be paid per achieved Result shall be set out in Annex III of the Contribution Agreement. The method to determine the amount to be paid per achieved Result shall be clearly described in Annex I of the Contribution Agreement and take into account the EU principle of Sound Financial Management.

(c) The Beneficiary and/or the Executing Agency, as the case may be, shall not be obliged to report on costs linked to the achievement of Results. However, the Beneficiary and/or the Executing Agency, as the case may be, shall submit any necessary supporting documents, including, where relevant, accounting documents to prove that the Results triggering the payment as defined in Annex I and III of the Contribution Agreement have been achieved.

(d) Articles 3.02(a)(vii), 3.02(b)(ii), and 3.02(b)(vi) do not apply to the part of the Action supported by way of performance-based financing.

CHAPTER XXII

Contracting, Early Detection, and Exclusion System

ARTICLE 22.01. Contracting. (a) Unless otherwise provided for the Contribution Agreement, the origin of the goods and the nationality of the organizations, companies, and experts selected to carry out the activities of the Programme, shall be determined pursuant to the Bank Rules and Regulations, in particular, the Policies for Procurement of Works, Goods and Non-Consulting Services, and Bank Policies for Selection and Contracting Consulting Services as set forth in the General Conditions of the Agreement. Without limiting the generality of the foregoing, it is specifically agreed that any procedure for the procurement and grant award procedure of works and services shall be open to individuals and legal entities of any member country of the Bank, any member country of the European Union and any non-member country of the European Union, but eligible under the EU applicable regulations. The EU publishes the list (or any updates thereto) as Annex II of the document “Practical Guide of the Contract Procedures for External Actions of the European Union” (“PRAG”), which is available on its website or which shall be provided by the EU upon request of the Bank.

(b) The Beneficiary, acting through the Executing Agency, shall adopt reasonable measures to exclude potential candidates or tenderers and applicants from the participation in a procurement grant or grant award process and from the award of a procurement contract or grant financed by EU funds that fall within the situations described in (i) to (iv) below. Among other measures that the Beneficiary and/or Executing Agency may apply, the Beneficiary, acting through the Executing Agency, shall require a sworn declaration from all the candidates or tenderers and applicants, whereby it is certified that:

- (i) They, or persons having representation, decision making, or control over them, have not been the subject of a final judgment or of a final administrative decision for fraud, corruption, involvement in a criminal organization, money laundering, terrorist-related offences, child labour or trafficking in human beings;

- (ii) They, or persons having powers of representation, decision making, or control over them have not been the subject of a final judgement or of a final administrative decision for an irregularity affecting the EU's financial interest;
- (iii) They are not guilty of misrepresentation in supplying the information (required as a condition of participation in the procedure or if they fail to supply this information);
- (iv) They have not been the subject of a final judgement or of a final administrative decision establishing that the entities have created an entity under a different jurisdiction with the intention to circumvent fiscal, social or any other legal obligations of mandatory application in the jurisdiction of its registered office, central administration, or principal place of business; and
- (v) They have not been created with the intention described in point (iv) above as established by a final judgment or a final administrative decision.

(c) The Beneficiary, acting through the Executing Agency, agrees to inform the Bank of any candidates, tenderers or applicants that fail to submit the sworn declaration or that, according to the sworn declaration, are within any of the situations set forth above, and acknowledges that they shall be excluded from participation in contract award procedures funded with the EU Contribution. The Beneficiary and/or the Executing Agency shall also inform the Bank when the Executing Agency has unilaterally terminated an agreement financed with the EU Contribution on the grounds that the contractor has made substantial errors, irregularities, or has seriously breached its contractual obligations.

ARTICLE 22.02. Early Detection and Exclusion System. (a) The Beneficiary and/or the Executing Agency, as the case may be, shall not support activities that contribute to money laundering, terrorism financing, tax avoidance, tax fraud, or tax evasion.

(b) The Beneficiary and/or the Executing Agency shall be responsible for ensuring that no support or economic resources shall be made available to, or for the benefit of, third parties - whether entities, individuals, or groups of individuals - designated by the EU as subject to such restrictive measures in the lists provided at www.sanctionsmap.eu (the "EU Restrictive Measures"). The Beneficiary and/or the Executing Agency shall cooperate with the Bank and the EU in assessing if any third recipients of funds in connection with the implementation of the Contribution Agreement fall under the scope of EU restrictive measures. The Beneficiary and/or the Executing Agency shall promptly inform the Bank in the event such recipients would fall under the scope of the EU Restrictive Measures. The Bank will, in turn, notify the EU with a view to jointly determining remedial measures in accordance with their respective applicable legal framework. Such measures may include, but shall not be limited to, the reallocation of the remaining EU Contribution, net of any costs incurred for undertaking any procurement or award procedure. Where such remedial measures are not feasible, the corresponding amount shall not be charged to the Action or, in the case of Multi-Donor Action (such as this case), to the EU

Contribution. This is without prejudice to the suspension or termination of the respective Contribution Agreement by the EU, together with the recovery of any unspent funds contributed by the EU under the Contribution Agreement.

(c) Without prejudice to the right of the Bank and the EU to exclude an entity from future procurement contracts and grants funded by the EU, the Bank, the Beneficiary, and/or the Executing Agency may impose economic sanctions to contractors and grant beneficiaries according to its own regulations and rules, ensuring, when appropriate, the right of defense of the third party.

(d) At the time of awarding contracts, the Bank may instruct the Beneficiary and/or the Executing Agency to take into account, the information contained in the EU's Early Detection and Exclusion System.

(e) In the event of failure to comply with this Article, the Beneficiary acknowledges and accepts that the EU may declare that the corresponding costs are ineligible for funding by the EU.
